Award of Excellence  
 Small Residential Category  
 2003 ASID Design Awards

## [Award of Excellence]

Small Residential  
**"Lanikai Hillside Residence"**  
 Designer: **Jule Lucero, ASID**  
 Company: **Peter Vincent & Associates, LLC**

The homeowners wanted to create a contemporary and sophisticated design for their lovely Lanikai home, which was built in the 1970s. Since they entertain frequently, they desired attractive spaces that were dynamic in the evening (focusing on the exquisite views) and able to entertain groups of various sizes. Designer Jule Lucero, ASID, used a palette of neutral tones and natural but contrasting textures to emphasize the architectural feel of the residence. Focal elements were punctuated by a new floor plan and use of materials that "speak the same language." A clean, contemporary kitchen was designed as the heart of the home, and a linear, artsy style was chosen for the furnishings to reflect the clients' personalities. The end result, says Lucero, is a design that fulfills its functions. "The clients are proud, and their guests give them frequent praise. It is an inspiring home to spend time in."
